We have compiled the accompanying statement of assets, liabilities, and equity – income tax basis - of OpenID Foundation, a corporation, as of September 30, 2008, and the related statement of revenue and expenses – income tax basis - for the one and six months then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The financial statements have been prepared on the accounting basis used by the Company for income tax purposes, which is a comprehensive basis of accounting other than generally accepted accounting principles.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying financial statements and, accordingly, we do not express an opinion or any other form of assurance on them.

Management has elected to omit substantially all of the disclosures ordinarily included in financial statements prepared on the income tax basis of accounting. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the Company's assets, liabilities, equity, revenue, and expenses. Accordingly, these financial statements are not designed for those who are not informed about such matters.
